

CBS ② 6/26/67 10-11 pm

WKS reprise of CBS ①. Yes. Yes. 3. First enough?
5:5 + + sees. But was LHO right of on spray?
In 1989 WFR "no evidence LHO a Ruby just any can sp"
and "no evidence anyone associated LHO."
Where Shots Came From?

Single Bullet? Wc "not associated"

Dillard Photo - Bkg Wms unknown (10:07)
Woman (Shots overhead) Behind fence, just as

Good vantage pt, in hall (10:07)
1st shot, JFK. For C third time, second shot

hit him, he staggered, 3rd shot in pocket
hence, 4th almost same time as 3rd, not as

loud, and he 8-10 ft above ground, 15 ft from fence.
(10:10) Footprints, in mud, on longer of shot wagon.

Yaguda (10:12), says he T8BD, all shots same sound
10:13 Altgens, 2 sees after shot

long 3/3 and JFK talking →, head & come from
back. (10:15) Herschel Teller, says that = Carter
to TSB2, not in fence, felt someone at 3 dots

Spec all in behind his shoulder
him. c " " some distance, head right shoulder
(10:16) - Commercial

(10:19) 3/3 returns name JFK back. Expresses disapproval.
Blair. W. G. H. H. says 3/3 shows explosion but not
understand what can be said. (10:20) Weat,
any great understanding, but to accept, as possible.

(10:21) ~~last~~ FH also, planned audience - ~~between~~ ^{between} ~~exit~~ ^{exit}? main, ~~leaving~~ ^{leaving}. 2/4
Perry. ^{between} ~~exit~~ ^{exit}? main, ~~leaving~~ ^{leaving}. 2/4
possible. (10:22) Perry was head ground by Perry,
David looked like extremely worried.
No Earl Rose vs brief hearing.

Antony (10:26) - FBI, up to, antipathy plots, free sheet
Humes (speaks) (later).

Weat (10:29) - free sheet very right, shows little
hole under blanket, this under ~~man~~

10:30 Capt. Hennes, Arp, photos print,
conclude "very much - very clearly"
his test. Free shot is sketch, picture
design from, not want to be examined
preserving to scale. Arp to record photos.

10:35 WKR, see, 1 Hennes Arp 313 shot
in counterwatches from near ' Command

10:40 WKR is ~~examination~~ testing & host -
CBS concludes, from TSBP.

knife - Bullet Hwang Jan 4?? "very the examination evidence"

10:41 Arp, Arp, Arp TFR until to sketch at 186
Arp C next 228-29 & the 313

10:45 Transition

10:55 186 frame 2, 9

Course omits angle, but

Says "missed"

Average speed 18.3 ft per sec

Bell & Howell paid

yes 18.3

But y camera speed ff — ?

most cutters as required

HW said 24 ft

Camera times (190-318 frames)

6.9 ————— 18.5 per sec.

7.3 ————— 17.5

6.7 ————— 19.1

8.35 ————— 15.3

6.16 ————— 20.6

35.41
